<i>zinc</i>	7440-66-6	0.02	
<i>formaldehyde</i>	50-00-0	0.02	
<i>proprietary ingredients</i>	-	0.02	
<i>urea-formaldehyde polymer</i>	9011-05-6	0.01	

ⁱ Materials and chemicals are disclosed for the specific style number and option configuration of the product as described in the Scope section, considering any noted exclusions and exemptions. Composition may change based on options selected by the specifier. Chemical constituents and members of chemical classes are disclosed if present at or above 0.01% (100 ppm) by total weight of product. Percentage weights are typical values. Proprietary ingredients include chemical constituents that are withheld by the supplier/raw material manufacturer and/or are shared with Steelcase only, as confidential business information. Information is obtained directly from suppliers, raw material manufacturers and other reliable sources. The contents of the documents are subject to change without notice.
